Carbon Monoxide Awareness Week

Date and Time: Wednesday, November 1 8:00 am

Carbon Monoxide Awareness Week: November 1-7 2023

There's a reason they call carbon monoxide the "silent killer" – it's colorless, odorless, tasteless and can't be detected by humans without the help of a carbon monoxide alarm. This week is Carbon Monoxide Awareness week and we are encouraging all Ontarians to test their carbon monoxide alarms and check the expiry date to ensure your alarms are operational. Follow our social media accounts for more information on carbon monoxide.
